I'm sure you had a chance to read the draft before it was signed out... :)

Mr. Wayne Arny
Deputy Assistant Secretary
(Installations & Facilities)
Department of the Navy
1000 Navy Pentagon
Washington, DC 20350

Dear Mr. Arny:

It was a pleasure to meet with you on March 13th to discuss accelerating the environmental remediation of the former Hunters Point Naval Shipyard, in order to accommodate the City of San Francisco's plans to redevelop the property. I believe that the City's plans for the site will accomplish the goals of both the Navy and the City.

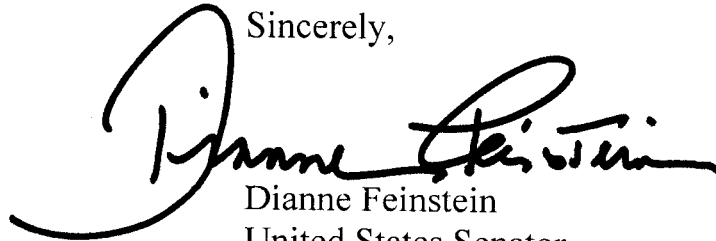

As you know, the City plans to use a portion of the property to construct a new stadium to house the San Francisco 49ers football team. In order for the City's redevelopment plan to be successful, the stadium must be completed by opening day of the 2012 football season. To achieve this goal, the highest priority is to speed cleanup of 27 acres on Parcel D, on which the stadium will sit. I was pleased to hear that you agree that it is feasible for that timeframe to be met.

There is some uncertainty in the amount of funding that is needed to ready the Parcel D site for construction. It is imperative that the Navy and the City continue to work cooperatively to refine the cost estimates of the remediation work, the schedule of the work, and the timeline for transfer of remediated parcels to the City. As the Mayor and his staff indicated at the meeting, with a fuller understanding of the relative cost of cleaning up specific areas of the parcels, the City can modify its proposal to reduce the associated remediation costs. I would

appreciate your office providing the City and me with updated cost estimates as soon as possible.

I look forward to assisting the Navy and the City of San Francisco in achieving the mutually beneficial goal of the remediation and redevelopment of the former Hunters Point Naval Shipyard. Please do not hesitate to contact me to discuss this matter further.

Sincerely,

A handwritten signature in black ink, appearing to read "Dianne Feinstein". The signature is fluid and cursive, with a large initial "D" and a long, sweeping underline.

Dianne Feinstein
